

Solara Moto Weatherproof Liner Set - Detailed Product Information

Bike Compatibility & Fitment

The Solara Moto Weatherproof Liner Set is specifically designed to fit seamlessly within the panniers of select motorcycle models. The liner set is compatible with the following models:

- BMW R1250GS
- Honda Africa Twin
- Honda NT1100
- Yamaha FJR1300

Each liner is tailored to match the internal dimensions of these model-specific panniers, ensuring a snug fit. Before purchasing, consult your motorcycle's pannier dimensions to confirm compatibility.

Technical Specs & Load Limits

The Weatherproof Liner Set boasts a robust design engineered to withstand the demands of rugged touring. Key technical specifications include:

- **Material**: Weatherproof Fabric
- **Capacity**: Tailored to fit specific pannier sizes
- **Weatherproofing**: Water-resistant construction
- **Maximum Load**: Designed to conform to the pannier's load limits (typically up to 10kg per pannier)
- **Speed Rating**: Recommended maximum speed of 130 km/h when fully loaded

Step-by-Step Installation

Installing the Weatherproof Liner Set is straightforward, requiring no additional tools. Follow these steps for optimal installation:

1. **Preparation**: Remove any existing items from the pannier.
2. **Insertion**: Place the liner inside the pannier, ensuring it aligns with the corners and edges.
3. **Adjustment**: Adjust the liner to remove any wrinkles or folds.
4. **Securing**: Utilize the liner's internal straps to secure it in place, preventing movement during transit.

Ensure the liner is correctly fitted before securing the pannier lid.

Weatherproofing & Maintenance

To maintain the integrity and performance of your Weatherproof Liner Set, follow these care guidelines:

- **Weatherproofing**: Regularly inspect the liner for signs of wear or damage to its water-resistant coating. Reapply a waterproofing spray if necessary.
- **Cleaning**: Clean the liner with a damp cloth and mild detergent. Avoid harsh chemicals that may degrade the fabric.
- **Storage**: When not in use, store the liners in a cool, dry place to prevent mold and mildew.
- **Gasket Checks**: If the liner features gaskets, ensure they remain pliable and free from debris to maintain their sealing ability.

Safety & Latch Operation

For your safety, the Weatherproof Liner Set is equipped with easy-access zippers and secure fastenings. Follow these guidelines for safe operation:

- **Zipper Operation**: Always ensure zippers are fully closed to maintain weatherproofing.
- **Latch Safety**: If your pannier system includes a latch mechanism, ensure it is engaged correctly to prevent accidental opening.
- **Keyed Systems**: If applicable, familiarize yourself with the keyed-alike quick-release mechanics to facilitate easy access while ensuring security.
- **Safety Precautions**: Regularly check all fastenings for signs of wear and replace any compromised components to ensure ongoing safety and security.
